7<sup>th</sup> September 2018

Dear Parents/Carers/Guardians,

On Wednesday 12<sup>th</sup> September, we have organised for a touring Planetarium to visit the school. This is a free experience for all children as it is funded by the PTFA. All children will have the opportunity to experience the Planetarium and we are sure that this will be an inspiring way for us to kick start our space topic for this half term – 'Reach for the Stars'.

The experiences will be designed to cater for the different age groups and a provisional timetable is listed below:

9:10am – 10:00am – Year 1 and 2

**Star constellations, planets and astronauts on the moon.**

10:05am -10:45am – Foundation Stage

**Light and dark, sun, moon and stars.**

11:00am -12:00pm – Years 3 and 4

**Earth, moon and stars, gravity and space station**

1:20pm – 2:30pm – Years 5 and 6

**Solar sytem, Mars, Issac Newton and compass bearings**

In order to enhance our Planetarium experience, we will also be offering an Astronaut lunch, which will consist of a buffet style lunch. KS2 lunch is at the usual price of £1.70. Details of the complete menu can be found attached or on the school website.

We hope that your children will enjoy their day and that this experience will inspire them to learn more about the solar system around them.

Yours faithfully,

Mrs C Newson
